

Here's an excellent way to get your daily veggies in and it tastes like comfort food!

### **Ingredients:**

Rhubarb (3-5 stalks)

1/2 Tbsp. Apple Pie Spice (Cinnamon, Nutmeg & Allspice), more or less to taste

2 packages Splenda

1 tsp. vanilla extract

Optional: 1 Tbsp. Sugar-Free Vanilla Syrup (DaVinci/Torani)

Optional: Spray of "I Can't Believe Its Not Butter"

### **Directions:**

Preheat oven to 390 degrees F. Spray glass pan with "I Can't Believe Its Not Butter" or other non-stick spray. Cut Rhubarb into small pieces. In a bowl, mix Rhubarb, sweetener, vanilla, sugar-free syrup and spices together. Place mixture into pan and bake for approximately 10 minutes (more if you want a bit of crunch or less if you prefer the Rhubarb more soft).
